A SLEEP QUALITY STORY SINCE 1967

For us, sleeping well is a necessary prerequisite to enjoy a healthier, happier and more empowered life. At Gevorest, we serve the quality of sleep, we are not simply mattress makers, we are the creators of an ideal sleep environment which improves the quality of sleep, rendering it into an investment worth making.

At Gevorest, we combine science with design into making products that set the foundations for a relaxing and healthy sleep experience. For an ideal quality of sleep, the following are required: a Base (Divan), a Mattress and a Pillow. The perfect combination of these three components contributes to the absorption and elimination of all body pressures, always aiming for the alignment of the spinal cord and neck. It is recommended that a proper trial with the assistance of a Gevorest qualified Sleep Advisor should always precede the purchase of these components.
